Dear Dr. Verma:

Thank you for your letter regarding your manuscript entitled
"The Contribution of Ovum in Determining Fetal Sex - Some
New Ideas".

I am waiting to hear from the reviewers regarding your paper.
We have had a great many papers submitted in recent months
and it has taken longer to review them all. I expect to hear
about your paper in the next week or two and will be sending
you a letter regarding your manuscript at that time.

Yours sincerely,

Betty Winchester,
Secretary
